EXPERIENCE

Lead Consultant UI & UX Designer

Areteans Technologies

August 2021 - Present Hyderabad, India

Areteans Technologies, now merged with Credera, is a global digital transformation firm delivering enterprise-level design and technology solutions focused on innovation, scalability, and user experience.

- Defined and managed end-to-end product designs for the BSI dashboard, serving 100+ companies under Omnicom
- Collaborated with product owners, developers, and stakeholders to align designs with technical, user, and business requirements.
- Designed and prototyped web solutions for 'Personal and Business Onboarding' and Finance Calculation Applications' for Boubyan Bank.
- Mentored a team of new designers, conducting workshops on user insights synthesis, prototyping, and design systems.

UX Designer

TCS (Experis It- Payroll company)

March 2021 - July 2021 Mumbai, India

TCS (via Experis IT payroll) is a global technology and consulting leader providing digital transformation solutions to enterprises. The design team focuses on creating impactful and user-friendly digital interfaces for large-scale business applications.

- Collaborated with graphic and UI designers to conceptualize and deliver high-quality user interfaces.
- Gathered and translated UI/UX requirements into wireframes, mockups, and prototypes.
- Created both low-fidelity and high-fidelity wireframes to communicate design ideas clearly.
- Designed visual elements, graphics, and micro-interactions that enhanced usability and brand identity.
- Supported the team in maintaining design systems and brand guidelines across all deliverables.
- Reviewed and refined visual outputs to ensure pixel-perfect and timely project delivery.
- Worked closely with stakeholders to align designs with user needs and business goals.

Sr. Web Designer

Tangible Technology

March 2019 - March 2021 Pune, India

Tangible Technology (a sub-organization of TAI) is a digital technology company offering end-to-end web and marketing solutions for enterprise and consumer products, emphasizing creative design and performance-driven interfaces.

- Collaborated with cross-functional teams to plan, design, and develop responsive websites and marketing materials.
- Conceptualized and designed banners, landing pages, newsletters, and digital campaigns for product promotions.
- Translated design ideas into functional front-end code using HTML, CSS, and JavaScript (basic).
- Produced creative layouts and high-fidelity prototypes using Adobe Photoshop and Figma.
- Demonstrated innovative and out-of-the-box design thinking for campaign visuals and brand communication.
- Created customized website layouts tailored to unique client requirements.
- Designed and optimized multimedia assets (JPG, GIF, Flash) for ads and digital communication.
- Ensured all deliverables aligned with client branding, accessibility standards, and performance goals.

Web Designer

Axat Technology

June 2013 - March 2019 Mumbai, India

Axat Technology is a fast-growing technology firm delivering innovative web and digital solutions for global clients, focusing on responsive design, performance, and creativity.

- Designed web layouts in Adobe Photoshop based on client prototypes and business requirements.
- Converted UI mockups into responsive, functional websites using HTML, CSS, and basic JavaScript.
- Managed end-to-end project workflows — from concept, development, and review to deployment and maintenance.
- Created a wide range of graphics and visual assets, including logos, icons, newsletters, and marketing creatives using Photoshop and Illustrator.
- Implemented design solutions ensuring usability, optimized graphics, and fast-loading performance.
- Designed creative materials like banners, brochures, leaflets, posters, stall designs, and emailers, maintaining consistent visual identity.
- Supported internal and client brand teams by providing layout ideas, animation-ready presentations, and visual concepts for campaigns.

EDUCATION

Bachelor of Arts

VBS Purvanchal University

S.S. Smarak I. C.

March 2006 - March 2008 Azamgarh, UP, India

SSC/High School

Subhash H.S.S.

March 2004 - March 2006 Azamgarh, UP, India

SUMMARY

I'm a **Lead UI/UX Designer** with over **11th years of experience** designing digital products that are clear, usable, and scalable. I work at the intersection of **user needs, business goals, and technology**, helping teams turn complex problems into simple and meaningful experiences.

Currently working as **Lead Consultant – UI & UX Design** at **Areteans Technologies** (part of **Credera**), leading end-to-end design initiatives and collaborating closely with product, business, and engineering teams.

Led UX and UI design for **Boubyan Bank** for nearly **1.5 years**, delivering personal and business onboarding journeys and finance applications with a focus on usability, compliance, and scalability.

Experienced in working with **international clients** across **Kuwait, Singapore, Australia, USA** and the **others**. Known for translating complex problems into simple, intuitive, and high-impact user experiences.

My focus has always been simple to design experiences that solve real problems and make technology easy and enjoyable for everyone.
